New Delhi, India | +91 9871121860 | gdgarg@gmail.com | linkedin.com/in/gdgarg

SUMMARY

Hands-on digital marketing and performance marketing specialist with 20 years of experience driving lead-generation campaigns, paid media optimization, conversion improvement, and digital growth initiatives across B2B and service-focused environments. Proven expertise managing Google Ads, Meta Ads, LinkedIn Ads, and multi-channel acquisition campaigns with strong focus on qualified lead generation, campaign optimization, funnel performance, and ROI improvement.

Experienced operating independently across multiple concurrent campaigns while identifying optimization opportunities across targeting, bidding, landing pages, creatives, attribution, and conversion workflows. Strong background in GA4 analytics, SEO-informed optimization, lead quality improvement, campaign reporting, and AI-assisted marketing execution.

EDUCATION

Army College of Materials Management, University of Jabalpur, India

Master of Business Administration (MBA), Marketing & Finance

EXPERIENCE

Marketing Manager – Performance Marketing & Digital Demand

Jul 2024 – Present

KEYSIGHT TECHNOLOGIES

- Manage integrated lead-generation campaigns across Google Ads, LinkedIn, Programmatic, Video, and Content Syndication channels targeting enterprise and B2B audiences.
- Independently manage campaign planning, execution, optimization, reporting, and performance analysis across multiple concurrent marketing initiatives.
- Identify optimization opportunities across campaign structure, audience targeting, bidding strategies, landing pages, creatives, funnel performance, and conversion paths.
- Use GA4, platform analytics, dashboards, and attribution reporting to monitor conversion quality, identify funnel drop-offs, and improve lead-generation performance.
- Apply SEO-informed optimization principles to landing pages, campaign messaging, and digital conversion journeys.
- Use AI tools including GPT and Claude to improve campaign planning, research, reporting, analysis, content variation, and workflow efficiency.
- Partner with internal stakeholders and external teams to align campaign execution with lead-generation and pipeline goals.
- Improved qualified conversions by 22% YoY while reducing CPA by 17% through testing, segmentation, retargeting, and conversion optimization initiatives.

Digital Marketing Lead – Performance Marketing & Lead Generation

Feb 2011 – Apr 2024

CISCO SYSTEMS

- Managed \$4M+ annual digital advertising investments across Google Ads, Meta Ads, LinkedIn Ads, Programmatic, Video, and integrated lead-generation campaigns.
- Planned, launched, monitored, and optimized multi-channel campaigns focused on qualified lead generation, conversion improvement, pipeline growth, and marketing ROI.
- Conducted regular campaign reviews to identify opportunities across keyword targeting, bidding, creatives, landing pages, audience segmentation, retargeting, and budget allocation.
- Supported SEO, website optimization, content marketing, and landing page improvement initiatives to strengthen digital visibility and conversion performance.

- Managed campaign reporting, attribution analysis, conversion tracking, and GA4 performance insights to improve decision-making and optimization accuracy.
- Worked closely with sales, agencies, marketing operations, and regional stakeholders to improve lead quality, campaign effectiveness, and funnel performance.
- Built scalable dashboards and reporting frameworks supporting campaign analysis, optimization recommendations, and business visibility.
- Independently managed multiple campaigns and stakeholder priorities across regional and global marketing programs.
- Increased qualified lead generation by 25% YoY and improved pipeline conversion by 20% through integrated digital marketing optimization initiatives.

Manager – Advertising

2008 – 2010

NETWORK18 TV

- Managed integrated advertising and lead-generation campaigns across television, digital, print, and event channels for enterprise and regional clients.
- Worked directly with clients and agencies to align campaign strategy, targeting, media planning, execution, and reporting objectives.
- Coordinated campaign delivery, optimization reviews, and stakeholder communication across multiple concurrent client accounts.

Assistant Manager – Advertising

2003 – 2008

THE TIMES OF INDIA

- Supported advertising sales, campaign coordination, media planning, reporting, and client servicing activities across integrated media campaigns.
- Built foundational expertise in campaign execution, audience targeting, digital media planning, stakeholder coordination, and customer engagement.

PROJECTS

AI-Based Lead Qualification Engine

- Built AI-assisted lead qualification workflows using n8n automation, behavioral scoring, AI classification, and CRM routing logic to improve lead prioritization and reduce manual review effort.
- Improved sales-ready lead quality while streamlining lead routing and marketing operations workflows.
- Tools: n8n, GPT, APIs, Salesforce

AI-Assisted Campaign Optimization

- Applied AI tools including GPT and Claude to accelerate campaign ideation, ad copy development, performance analysis, reporting, and optimization workflows.
- Improved execution efficiency and faster optimization cycles across recurring campaign activities.

Marketing Workflow Automation

- Built workflow automations integrating reporting systems, APIs, dashboards, and marketing platforms to streamline campaign operations and reduce manual effort.
- Tools: n8n, APIs, CRM Integrations
