SUMMARY

Integrated marketing and growth leader with 15+ years of experience building customer-centered marketing systems that connect storytelling, audience engagement, lifecycle marketing, and digital growth across global markets. Proven track record leading multi-channel marketing initiatives spanning customer acquisition, content strategy, digital engagement, lifecycle marketing, and performance optimization while managing \$3M–\$4M+ annual marketing investments.

Recognized for combining strategic clarity, systems thinking, and collaborative leadership to create scalable growth engines and cohesive customer experiences. Experienced in aligning marketing, product, analytics, sales, and digital operations into connected customer journeys that strengthen engagement, improve conversion performance, and support long-term brand growth.

Brings a balanced leadership approach grounded in customer understanding, operational discipline, cross-functional collaboration, and continuous improvement. Experienced leveraging AI-enabled workflows and marketing automation to improve personalization, execution speed, and marketing scalability while preserving authentic brand voice and meaningful customer connection.

EDUCATION

Army Institute of Management & Technology, India

Master of Business Administration (MBA) – Marketing & Finance
