SUMMARY

Strategic B2B marketing leader with 20 years of experience driving integrated regional marketing, demand generation, executive engagement, and GTM programs across India, APJC, EMEA, and Americas markets for global technology organizations.

Proven track record leading cross-functional marketing initiatives that accelerate pipeline growth, strengthen customer engagement, improve brand visibility, and drive measurable business outcomes in high-growth enterprise technology environments. Experienced partnering closely with Sales, Product Marketing, Analytics, Campaign, and regional leadership teams to execute integrated marketing programs spanning digital campaigns, field activations, executive engagement, webinars, customer programs, and regional GTM initiatives.

Strong analytical and operational leader with expertise in marketing performance optimization, stakeholder management, marketing analytics, and AI-enabled workflow automation to improve scalability, customer engagement, and execution efficiency.

EDUCATION

Army College of Materials Management, University of Jabalpur, India

Master of Business Administration (MBA) – Marketing & Finance

EXPERIENCE

Global Marketing Manager – Growth, Strategy & GTM Operations

Jul 2024 – Present

KEYSIGHT TECHNOLOGIES
